COPYRIGHT KBKG INC 2012

45L Residential Energy Tax Credits

Federal Credit for Developers & Investors Constructing Energy Efficient

- Apartments, Condos, or Spec Homes
- New Construction or Major Renovation
- Extended to apply to units leased in 2012 & 2013

Good Candidates

- Generally more than 20 units
- Can look back to units sold or leased in prior years

How Much is it Worth?

\$2,000 tax credit per qualified unit

Example: 100 unit apartment/condo = \$200,000 of Federal Tax Credits

3rd Party Certification Required (KBKG)

RESEARCH & DEVELOPMENT TAX CREDIT

What's New for 2013?

American Taxpayer Relief Act of 2012 included:

- 2 year retroactive extension through 2013
- Not made permanent and no change in credit %'s
- Simplifies Controlled Group Credit Allocation to Members
 - Act allocates the group credit based on each controlled group member's proportionate share of the group's aggregate QREs
- Liberalizes Acquisition & Disposition Adjustments
 - Adjustments are required to the Qualified Research Expenses (QREs), Gross Receipts &
 Base Period Adjustments of an acquired trade or business or a separate unit of a trade or business
 - Prorated Adjustment based on the *predecessor's* QREs and the number of days the *predecessor* company is held by the acquiring company in the year acquired

RESEARCH & DEVELOPMENT TAX CREDIT

Federal & State Tax Credit – to promote technological innovation in the U.S

- Most Qualified Expenses are wages paid to employees conducting certain activities.
- Payments to contractors doing R&D may also qualify.

Applicable Industries

- Manufacturing
- Software Development
- Architects
- Food Processing
- High Tech
- Equipment or Tool

Clients

- developing prototypes, testing, applying for patents, upgrading systems/software
- improving old products
- improving the manufacturing process

How Much is it Worth?

Federal Credit = roughly 6.5% per dollar spent on qualified R&D

State Credits may be available as well. CA R&D credit is worth 6% of Qualified R&D expenses.

Example: Client has \$1,000,000/year of eligible wages related to R&D.

Benefit = \$65K /year

FEDERAL EMPLOYMENT TAX CREDITS

What's New for 2013?

Extension of the "Old" Work Opportunity Tax Credit through 2013

- New Veteran Qualifiers Continue (VOW Act)
- Old Qualifiers Reinstated (Work Opportunity tax Credit)
- Opportunity for window (IRS to determine)
- \$2,400 \$9,600 tax credit ceiling

Extension of the Empowerment Zones through 2013

- Requirement for nomination amendment (IRS to determine process)
- \$3,000 tax credit ceiling

FEDERAL EMPLOYMENT TAX CREDITS

Work Opportunity Tax Credit

500 or more employees Location does not matter

Empowerment Zone

Any employer with eligible employees working and living in a zone

How Much Is It Worth?

WOTC – up to \$9000 per eligible employee

Empowerment Zone - \$3,000 per eligible employee

Our Team is Your Resource

Established in 1999 with offices across the US, KBKG provides turn-key tax solutions to CPAs and businesses. By focusing exclusively on value-added tax services that complement your traditional tax and accounting practice, we always deliver quantifiable benefits to clients.

Our firm gives you access to our knowledge base and experienced industry leaders. We will help you determine which tax programs benefit your clients and we are committed to handling each client relationship with care and diligence. Our ability to work seamlessly with your team is the reason so many CPAs across the nation trust KBKG with their clients.

Value Added Services

Research & Development

Federal credit worth approximately 6.5% of wages related to designing, developing and improving processes, formulae and software.

45L Credits for Energy Efficient Residential Developments

Newly constructed or renovated apartments, condos, and tract home developments that meet certain criteria are eligible for a \$2,000 credit per unit.

179D Incentive for **Energy Efficient Commercial Buildings**

Federal deduction worth \$1.80 per square foot of energy efficient buildings. Available to architects, engineers, design/build contractors and building owners.

Employment Tax Credits for Businesses

Employers with 10 or more employees can benefit from a wide range of federal and state business tax incentives designed to spur economic growth.

Cost Segregation for Buildings and Improvements

Any building improvement over \$750,000 should be reviewed for proper classification of the individual components for tax depreciation.

Repair vs. Capitalization Review §263(a)

Taxpayers often capitalize major building expenditures that could be claimed as current year deductions for repairs and maintenance such as HVAC units, roofs, parking lots and more.

Fixed Asset Review

Evaluating a company's entire fixed asset schedule will identify assets that can be depreciated over a shorter tax life. Taxpayers utilizing the book method of accounting for tax are not maximizing their available deductions.

Property Tax Review (Real and Personal)

Overstated property values and failure to fully leverage available exemptions and abatements often result in substantial overpayment of property taxes.

Sales and Use Tax Review

Complex transaction tax laws vary from state to state and create opportunities to recover overpaid taxes, reduce future liabilities, and implement best practices.

Expense Recovery Services

Businesses with over \$100 million in revenue can save millions every year through the recovery of vendor overpayments, unclaimed property, and cost reductions in core business services.

Identifying Value-Added Tax Opportunities (2-29-2012)

KBKG Service	Description	Applicable Clients/Industries	How much is it worth?	Years	Tax considerations
Research & Development Tax Credits (Federal & State)	Federal and State tax credit - designed to promote technological innovation in US companies. Research must be conducted in the US, not abroad. Most Qualified Expenses are wages paid to employees conducting certain activities. Payments to contractors doing R&D for Client may also qualify.	Manufacturing Architects Food Processing Clients developing prototypes, testing, applying for patents, upgrading systems/software Clients improving old products Clients improving the manufacturing processes	Federal Benefit - Roughly 6.5% of their total Qualified R&D Expenses Ex. Client has \$1M/year of wages related to R&D. Benefit = \$65k/year. Many states also allow an R&D credit. For example, CA R&D Credit is worth and additional 6% of Qualified R&D expenses.	Any open tax year. 3 year Federal Statute and 4 years for some states.	General Business Tax Credit 1 year Carryback 20 year carryforward Does not reduce AMT except for 2010 2010 Eligible Small Businesses (ESB) can carry credits back 5 years & eliminate AMT
263(a) Repair v. Capitalization Review "Asset Retirement Study"	The new Regs also clarify repair expense	Any building, owned more than 1 year, that then goes through renovations. Building should have at least <u>\$1M of remaining depreciable basis left</u> . Incurred significant costs for building items such as roof work, HVAC, windows, lighting, plumbing, ceilings, drywall, flooring, etc.	Additional Year 1 deductions of 15%-40% of "structural" renovation costs (on top of benefits from 1245 reclassification) Ex. Client spends \$3M on structural renovations. Additional Year 1 deductions of \$450K-\$1.2M.	Any building renovated or improved in the last 15 Years. Use Form 3115 to claim missed deductions anytime.	Requires a separate 3115 if doing concurrently with a depreciation change
Residential Energy Credits (Section 45L) (Federal / States can have similar programs)	Federal credit for developers of Apartments, Condos, or Spec Homes that meet certain energy efficiency standards. Units must be certified by a 3rd Party to be eligible.	Anyone that built Apartments, Condos, or Track Home Developments in the last 4 years. Generally more than 25 units. Available in ALL 50 States Very Good States: CA, MA, RI, NJ, PA, GA, DE, ME, DC, WA, OR, ID, MO, IO, IL, NH	\$2,000 per apartment/home unit Ex. 100 unit apartment/condo can get \$200,000 of Federal Tax Credits.	Any open tax year. 3 year Federal Statute Currently expires 12/31/2011 but will likely be extended.	General Business Tax Credit Credit is realized when unit is first leased or sold, not placed in service 1 year Carryback 20 year carryforward Does not reduce AMT except for 2010 2010: ESB can carry back 5 years
Commercial Energy Deductions (Section 179D) (Federal/ States can have similar programs)	Federal deduction for Architects, Engineers, and Design/Build Contractors that are doing work on Public or Government Buildings such as Schools, Libraries, Courthouses, Military Housing etc. This deduction is also available to any commercial building owner.	179D for Designers: Clients that are Architects or Contractors doing government work. 179D for Any Building Owner: Clients that have constructed any commercial building greater than 50,000 SF since 1/1/2006	\$.30 up to \$1.80 per square foot in Federal Tax Deductions Ex. 100,000SF building is eligible for \$180,000 in deductions.	Can go back to 2006 and use Form 3115 to claim missed deductions. Currently expires 12/31/2013 but will likely be extended.	Reduces AMT Generally, 2 year NOL carryback and 20 year carryforward Deduction reduces basis in real property
Employment Related Tax Credits (Federal)	Federal Work Opportunity Tax Credit (WOTC) Federal Empowerment Zone Credits - Location Based Federal Health Insurance Premium Credits (FHIPC)	WOTC - 500 or more employees. Location doesn't matter. Empowerment Zones - 10 or more employees located in the designated area. FHIPC (Section 45R) - clients w/ under 50 employees and paying health insurance	WOTC - up to \$9,000 per eligible employee Empowerment Zone - \$3,000 per eligible employee FHIPC - 35% to 50% of health insurance premiums	Any open tax year. 3 year Federal Statute	General Business Tax Credit Various tax considerations can be discussed with KBKG
CA Enterprise Zone Tax Credits (State)	California income tax credits designed to stimulate growth in 42 selected areas. Zones can change each year . Credit provided for each eligible employee and for qualified equipment purchases.	Any client located in a zone with more than 20 employees spending more than 50% of their time in the zone.	Up to \$37,000 per eligible employee, over a 5 year period. Generally 15-35% of employees qualify. Equipment- Credit is equal to Sales Tax paid	Any open tax year. 4 year CA State Statute	Credits will reduce taxes on owners W2 wages and personal return Credits flow through to owners Credits will offset tax at the S-Corp level
Cost Segregation (Federal & State)	Allows taxpayers who have constructed, purchased, expanded, or remodeled any kind of real estate to accelerate depreciation deductions by reclassifying building components into shorter tax lives.	Any building with over \$750k of depreciable tax basis Any leasehold improvement with over \$500k of depreciable tax basis.	Net Present Value = 3-6% of the total building cost. Ex. \$2M office can yield an NPV of \$60k-\$120k.	Assets acquired in the last 15 Years. Use Form 3115 to claim missed deductions anytime.	Reduces AMT Generally, 2 year NOL carryback and unused deductions carryforward Must recapture personal property upon sale of building
Fixed Asset Capitalization Review (Federal)	Review of a company's entire federal tax depreciation schedule & supporting documents to assign appropriate tax lives to misclassified assets and identify items that should have been expensed under the Repair v. Capitalization Regs.	Operations that are expanding with more than \$40M in Real Property Retail, Restaurant, Bank and Hotel Chains of 20 or more Manufacturing Utility Companies	Net Present Value of 3-6% of the total building related cost. Ex. Manufacturing Client has \$60M of 39 year assets. Net Present Cash Value = \$1.8M-\$3.6M	Assets acquired in the last 15 Years. Use Form 3115 to claim missed deductions anytime.	Reduces AMT Generally, 2 year NOL carryback and unused deductions carryforward Must recapture personal property upon sale of building

Identifying Value-Added Tax Opportunities (2-29-2012)

Consulting: Appeal and Compliance Services • Personal Property	estate and personal property tax amount, meet all compliance requirements and leverage available exemptions and abatements. Creates visibility for better property tax management as clients have 24/7 access to an online portal in which tax return information, assessment and appeals, payment and general	\$100k+ tax bill • Asset intensive Clients • Multistate locations • Manufacturing, Distribution, Oil & Gas Real Property: All states. \$100k+ tax bill	Immediate reduction in current property tax liability. Client pays a % of savings. Per return fee arrangements are typical for compliance engagements	Year by Year although there is potential to collect a refund from prior years depending on the taxable state. Year by Year	Requirements, rates and timelines vary by county Late payments subject to penalties and interest Not all assets are subject to personal property tax Exemptions are available Appraisal district must rely on mass appraisals techniques Assessed Value is an opinion of value and may not equate to market value
• Real Estate	generated by the user.	Multi-Family, Hospitality Manufacturing, Distribution, Oil & Gas			Unique characteristics of building may not be accounted for
Review	State tax codes are very specific regarding products & services which can be exempt from taxation. Ensure that clients did not overpay Sales and Use Taxes. Over/ Under payments are identified, quantified and submitted to the respective State for a refund.	Non-taxable states: NM, NH, OR, MT, AZ, DE. • \$30 million+ in sales, greater than \$100k in audit liabilities • Multistate operations • Multiple vendor relationships • Poor accounting/tax software • Manufacturing, Oil & Gas, Hotels, Telecom, etc	Refund of overpaid sales and use tax on expenditures. Can be significant when refund covers multiple years. Voluntary disclosures of unpaid tax can minimize penalties.	Any open periods allowed by statute of limitations. (SOL=4 years in most states)	Sales & Use tax state law is complex and varies by State Over and Under payments are reviewed for a net assessment Sampling is used for large transaction data sets
AP Audits		\$100 million+ in sales with 5,000+ disbursements a month. • Clients with recent mergers/acquisitions • Decentralized processing • Client w/ large disbursement volume and many vendors. • Manufacturing, Banks & Retail (100+ locations), service providers, Oil & Gas	The typical range of recoveries normally falls within .1% to .5% of spending.	Previous 2-3 years	Duplicate payment reviews (Accounts Payable Audits) normally performed in conjunction with sales tax reviews
